1 Questions   **Total Marks: 100.0**

1 File Upload Question

1. Latitude - Event Registration   + 100.0

Registration types.

            —List all Registrations (Registration No, Date, Name fields should be displayed)

            —Hyperlink to view on Click on Registration No., show the full details of the registration.

            — Documented, well structured beautified code.

            — Awesome if you could manage to host this application somewhere with Demo URL! (Amazon aws, heroku or openshift)

[Extra Work] (Level 3)

Along with everything from the above two levels :

    — In Registration, ID Card has to be scanned and the Full Name has to be auto populated (OCR). You should use Js libraries like Tesseract JS or Ocrad JS.
